Evergreen Community Library participates in Fulton County Rising Day

On May 14, adult leaders across Fulton County were invited to **Rise Up** as a community & take the following actions: **IDENTIFY** local youth with whom they regularly interact to potentially positively impact. **COMMIT** to investing quality time with these young people and build relationships with them through interactions. **ENGAGE** in conversations as healthy role models about issues that impact their life, including underage substance use.

Fulton County Rising Day served as a reminder that every adult in our community has influence, and by working together, we can raise healthy and happy young people. Visit www.FultonCountyRising.org to find out more.
